

# *Last Drinks at 12*

## Letter of Support

I/We \_\_\_\_\_ (name of person/group) are **very concerned** about the level of alcohol-related violence in Byron Bay town at night.

I/We fully support the efforts of *Last Drinks at 12* to reduce alcohol-related violence, sexual assault, anti-social behaviour and youth binge drinking through engaging the Byron community in effective action and implementing proven preventative measures.

I/We support the right of the Byron community to informed inclusion in local decisions about the availability, promotion and supply of alcohol.

I/We support the cessation of the service of alcohol in all licenced premises in Byron Bay after midnight, the time when the overwhelming number of harmful incidents occur.

I/We also support the introduction of other simple, modest, cost-effective and proven mandatory measures to reduce alcohol related harms. These include limiting the supply of high-strength drinks, stopping the practice of “drink hoarding” and prohibiting the harmful discounting and promotion of alcohol products at on-licence and off-licence premises in Byron Bay.

I agree for my name/organisation/business to appear in publicity as a supporter of *Last Drinks at 12*:                      **Yes**                      **No** (please circle)

I would like to volunteer to assist on the campaign: **Yes**                      **No** (please circle)
